Additional information:

5 years guarantee:

KASTEL SRL warrants mechanical and structural parts of its seating for 5 years if the products are used in normal conditions. Upholsteries are not included in the warranty.

The warranty shall be suspended in case of negligence or improper use.

- The guarantee covers the defective parts. Faulty mechanicals parts or frames will be replaced free of charge, transport costs included.
- After 2 years from the delivery, replacements will be free of charge, but with "ex works" delivery.

Repair terms:

- A) KASTEL will send the replacement directly to the customer if the reparation does not need supervision;
- B) products must be sent back to factory in case reparation or replacement cannot be done locally. Products shall be sent thought Kastel forwarding agent and securely packaged.

The warranty applies on all products, when purchasing details (order number, model, invoice reference) are provided.

Textiles:**Normal Cleaning**

- Vacuum panel cloth as needed, using an upholstery attachment.
- Do not brush fabric.
- Do not apply water or any liquid solution to the panel cloth.

Wetting the fabric with any liquid solution may result in permanent damage.

If further cleaning is needed, dry-clean or spot clean fabric with solvent cleaner.

Spot cleaning

- Immediately soak up the stain with a soft absorbent cloth.

Do not dry the stain completely or it may set.

Water-based and oil-based stains

- Use a dry cleaning solution applied with a damp clean cloth or sponge.
- Test the cleaning solution on a small, concealed area first.
- If there is no spotting, ringing, or damage to the fabric or its dyes, apply the cleaning solution to the soiled area with light, quick strokes.

Rinse area thoroughly with a clean, damp, cloth, avoiding heavy scrubbing, to remove cleaning solution residue.

Do not rub too vigorously or you may damage the nap of the fabric or break fibers.

Let fabric dry thoroughly and then vacuum well before using.

Leather and vinyl:**Normal cleaning**

- Vacuum or dust frequently with a clean, dry cloth.
- Do not brush
- If leather is soiled, it can be wiped with a soft, damp cloth using a lather of any mild soap with lukewarm water.

Do not spot clean leather; clean the entire surface.

Wipe clean with a damp cloth and dry with a clean, soft cloth.

Spots

- Wipe excess liquid immediately with a clean cloth or sponge; let the leather air dry.
- If further cleaning is necessary, sponge the entire surface—seat, back, or chair arm—with lukewarm water.
- Let the leather air dry; never use a hair dryer or other heat source to dry leather.

Stubborn spots and stains

- Apply a mild, nonabrasive soap solution with a clean, wet sponge.
- Rinse well and let air dry.

Butter, oil, or grease

- Wipe the leather with a clean, dry cloth and let the remainder of the oil dissipate into the leather.

Do not apply water or try to wash a grease spot.

Do not use saddle soap, cleaning solvents, oils, furniture polishes, varnishes, abrasive cleaners, detergents, or ammonia on leather.

Polypropylene and Polycarbonate**Normal cleaning**

- Vacuum or dust frequently with a clean, dry cloth.
- Wash with a soft cloth soaked in mild detergent and warm water.
- Rinse thoroughly and dry with a soft cloth.

Do not use solvents or abrasive cleaners.

Painted metal

For general cleaning, wash painted metal finishes with a soft cloth, soaked in warm water and a mild non-abrasive soap. Rinse thoroughly and dry. Scuff marks can be removed using a pre-softened

paste wax carefully following the manufacturer's instructions.

Polished Aluminum

For general cleaning, wash painted metal finishes with a soft cloth, soaked in warm water and a mild non-abrasive soap. You can apply a pre-softened paste wax to polished aluminium components carefully following the manufacturer's instructions.
