Additional information:

5 years guarantee:

KASTEL SRL warrants mechanical and structural parts of its seating for 5 years if the products are used in normal conditions. Upholsteries are not included in the warranty.

The warranty shall be suspended in case of negligence or improper use.

- The guarantee covers the defective parts. Faulty mechanicals parts or frames will be replaced free of charge, transport costs included.
- After 2 years from the delivery, replacements will be free of charge, but with “ex works” delivery.

Repair terms:

- A) KASTEL will send the replacement directly to the customer if the reparation does not need supervision;
- B) products must be sent back to factory in case reparation or replacement cannot be done locally. Products shall be sent thought Kastel forwarding agent and securely packaged.

The warranty applies on all products, when purchasing details (order number, model, invoice reference) are provided.

Laminate and HPL Surfaces

For general cleaning, and for the removal of light dirt or deposits, wash the laminate using a soft damp cloth and a mild non-abrasive soap. Then rinse clean with a damp cloth and then dry using a soft cloth. Most stubborn stains including grease, varnish or paint may be removed when rubbed gently with a white spirit. Then rinse clean with a damp cloth and then dry using a soft cloth.

Painted metal

For general cleaning, wash painted metal finishes with a soft cloth, soaked in warm water and a mild non-abrasive soap. Rinse thoroughly and dry. Scuff marks can be removed using a pre-softened paste wax carefully following the manufacturer’s instructions.

Polished Aluminum

For general cleaning, wash painted metal finishes with a soft cloth, soaked in warm water and a mild non-abrasive soap. You can apply a pre-softened paste wax to polished aluminum components carefully following the manufacturer’s instructions.
